Winter Displays – BID Funded Planter Tubs and Snowflake Lights

Downtown Madison is starting to look festive and very welcoming as the winter displays in BID funded planters have been installed. In addition, the BID LED Snowflake Lights have also been installed onto area light poles which will remain until after the Madison Winter Festival in February. Our thanks to Mall Maintenance for helping BID make downtown look festive for the winter holidays!

Snow Removal Reminders from the City

We are looking at great weather for this weekend – but sooner or later, it will snow! A snow reminder – When city Mall Maintenance crews are removing snow from sidewalks, please bring sandwich boards and cigarette urns (and anything else you might have outside) INSIDE or into your doorways. Also, don't leave anything out overnight! When it snows, they work overnight and early in the morning. And of course, always keep sandwich boards out of the main "walking area" of the sidewalk, crosswalks, and handicapped ramps. Business and property owners are also responsible from removing snow from any awnings over sidewalk. FYI snow removal from the streets and parking areas is not done by Mall Maintenance but by Streets Dept. (just like other city streets).
